GAGE ANDREW

English for Business Communication Cambridge University Press
 Proposes fresh perspectives in IB research by addressing a number of critical issues which criss-cross the fields of International Business and International Management. This work focuses on management of cultural distance across countries. It also focuses on the genesis and development of international entrepreneurs.

A Course for Business Studies and Economics Students Oxford University Press

Business Result Second Edition offers business professionals more communication and language practice than ever before, so they develop business English skills to use immediately. Relevant, personalized practice for people at work
 With Business Result Second Edition, students practise language that is relevant to their work context, so they can use what they learn in real work situations. NEW Talking Point discussion lessons are based

on an interesting business concept, process or approach that is relatable for any student in any business profession. The personalized Talking Point tasks allow students to apply the concept to their own working contexts, and provide the opportunity to use language from the unit. NEW Viewpoints integrate video into the lesson to bring business English to life - and build communication skills for business. Each video lesson relates to content in the units and builds up to a communicative task. NEW Language Points provide explicit focus on the meaning and form of the target language applied in a business context. EXTENDED Practically Speaking sections help students put language to use immediately. In every unit, Practically Speaking relates clearly to the unit content, and includes input, analysis and practice. Easily adapt Business Result Second Edition to fit your teaching context
 The IMPROVED modular structure of Business Result Second Edition means it can be easily adapted to fit your teaching context. Each section within a unit works in a modular way - they can be completed as standalone activities according to your needs. You can choose lessons that are most

relevant for your students. The Teacher's Book provides support for using the course flexibly in 1 to 1 lessons and with pre-work students. For those working through the book in order, continuity is maintained throughout the book to provide natural progression. Enrich your lessons with ready-to-go resources to pick up and teach in class NEW photocopiable worksheets for each unit provide more practice for the main sections of each unit: Working with Words, Language at Work and Business Communication. NEW online resources for teachers include Viewpoint video files to stream or download, audio files to stream or download, sample emails for each unit, downloadable business cards, and progress tests. Help students advance their career through progress tracking and assessment support Clear Outcomes - 'you can' statements help students monitor their own progress, and downloadable progress tests enable you to track students' progress in language skills and speaking skills. NEW Online Practice provides extra interactive practice activities with instant feedback on answers and automatic grading, allowing students to independently review their learning. Online Practice allows you to easily track and report on your students' progress, keeping you up-to-date with your students' learning. Downloadable progress tests for every unit enable you to assess students' progress, and identify student weaknesses and strengths.

Monograph, Rehabilitation Joint Series Cambridge University Press

Gives background to the business learner's world and strategies for approaching the training task, focusing on the learner's professional knowledge and experience. This book is suitable for teachers, trainers, and course organizers in the field of Business English or considering a move into it.

Grammar for Business with Audio CD Cambridge University Press
This textbook provides a comprehensive introduction for students and professionals who are studying English for business or workplace communication and covers both spoken and written English. Based on up-to-date research in business communication and incorporating an international range of real-world authentic texts, this book deals with the realities of communication in business today. Key features of this book include: use of English in social media that reflects recent trends in business communication; coverage of the concept of communicative competence; analysis of email communication; introduction to informal English and English for socialisation as well as goodwill messages, such as thank you or appreciation messages, which are a part of everyday interaction in the workplace; examination of persuasive messages and ways to understand such messages; an e-resources website that includes authentic examples of different workplace genres and a reference section covering relevant research studies and weblinks for readers to better understand the topics covered in each chapter. This book goes beyond the traditional coverage of business English to provide a broad and practical textbook for those studying English in a workplace setting.

Business Result Speaking

Situated within the five boroughs of New York City are five zoos and one aquarium. *New York City Zoos and Aquarium* chronicles the establishment of the Central Park Zoo, the Bronx Zoo, the Prospect Park Zoo, the Queens Zoo, the Staten Island Zoo, and the New York Aquarium. Popular children's zoos are also featured. The city's first zoo opened in Central Park in the 1850s, while the newest zoo opened in Queens after the 1964 World's Fair. While each one of these facilities has many similarities, they all have their own unique attributes. All of the facilities are focused on education, conservation, and the care of the animals that now reside in natural habitats.

Rehabilitation Joint Series, No. 1-30 Penerbit Andi

Essential grammar reference and practice for anyone using English in a business context. *Grammar for Business* is a must-have for intermediate business students and anyone using English in the workplace. It provides clear explanations and authentic practice of the most essential language used in business English. Designed to help you improve your communication skills in real business situations, it includes a unique focus on spoken as well as written grammar, and practical tips on areas such as organising presentations, negotiating and giving your opinion. Ideal for classroom use and self study.

English for Business Studies Teacher's Book Springer

Tracing the treatment of language in international business as represented in the *Journal of International Business Studies*, this seminal collection critically explores the conceptualizations of language that have been adopted or ignored by international business scholars over the years and showcases nine articles that have played an important role in establishing and advancing the field. In today's increasingly globalized context of business, significantly richer theories from interdisciplinary perspectives are needed to explain the complexity of the interplay between multiple facets of language and how they affect day-to-day operations. With insights from linguistics, psychology and organizational theory, *Language in International Business* provides an assessment of scholarly efforts to uncover the profound impact that language has on global business today and proposes some important ways in which this nascent field of language in international business may be further advanced. Chapter 9 is licensed under a Creative Commons Attribution NonCommercial-NoDerivs 3.0 Unported License. The *Journal of International Business Studies (JIBS)* is an official publication of the Academy of International Business and is the top-ranked journal in the field of international business. The goal of JIBS is to publish insightful, innovative and impactful research on international business. JIBS is multidisciplinary in scope and interdisciplinary in content and methodology. For more information, visit www.jibs.net. The Academy of International Business (AIB) is the leading association of scholars and specialists in the field of international business. A global community of scholars and researchers for the creation and dissemination of knowledge about international business and policy issues, the AIB transcends the boundaries of single academic disciplines and managerial functions to enhance business education and practice. For more information, visit aib.msu.edu

Australian Language & Literacy Matters SAGE Publications

The volume is conceived as a self-learning material as it includes the keys to most activities although it needs to be supported by the instructor in the classroom, trying to emphasise the written and oral communicative necessities of the international business world.

Business Result HarperCollins

LONGLISTED FOR THE FINANCIAL TIMES & MCKINSEY BUSINESS BOOK OF THE YEAR "I often talk about the importance of trust when it comes to work: the trust of your employees and building trust with your customers. This book provides a blueprint for how to build and maintain that trust and connection in a digital environment." —Eric S. Yuan, founder and CEO of Zoom A Harvard Business School professor and leading expert in virtual and global work provides remote workers and leaders with the best practices necessary to perform at the highest levels in their organizations. The rapid and unprecedented changes brought on by Covid-19 have accelerated the transition to remote working, requiring the wholesale migration of nearly entire companies to virtual work in just weeks, leaving managers and employees scrambling to adjust. This massive transition has forced

companies to rapidly advance their digital footprint, using cloud, storage, cybersecurity, and device tools to accommodate their new remote workforce. Experiencing the benefits of remote working—including nonexistent commute times, lower operational costs, and a larger pool of global job applicants—many companies, including Twitter and Google, plan to permanently incorporate remote days or give employees the option to work from home full-time. But virtual work has its challenges. Employees feel lost, isolated, out of sync, and out of sight. They want to know how to build trust, maintain connections without in-person interactions, and a proper work/life balance. Managers want to know how to lead virtually, how to keep their teams motivated, what digital tools they'll need, and how to keep employees productive. Providing compelling, evidence-based answers to these and other pressing issues, *Remote Work Revolution* is essential for navigating the enduring challenges teams and managers face. Filled with specific actionable steps and interactive tools, this timely book will help team members deliver results previously out of reach. Following Neeley's advice, employees will be able to break through routine norms to successfully use remote work to benefit themselves, their groups, and ultimately their organizations.

A Course in Communication Skills Cambridge University Press
New International Business English is a flexible course at the upper-intermediate level for people who need or will soon need to use English in their day-to-day work. All four skills - listening, speaking, reading, writing - are developed through a wide range of tasks which closely reflect the world of work.

English in Business Meetings HARPER COLLINS

This is a course for upper-intermediate and advanced level students who need to understand and talk about the key concepts in business and economics. Covering the most important areas of management, production, marketing, finance and macroeconomics, it helps students to understand and talk about a wide range of business topics. Reflecting recent changes in the world's business and economic environment, the course now covers subjects like wikinomics, viral marketing, hedge funds, the subprime crisis and energy policy. This student book comes with a teacher's book and two CDs. Suitable for independent study.
