The Life of the Notorious Civil War General Dan Stickles Shambhala Publications
 This widely used, enthusiastically received textbook is the work of one of the most accomplished author teams in introductory psychology, each a distinguished educator and researcher. Together, they offer an approachable, engagingly written survey of the field's main ideas, filled with unusual stories, memorable examples, and lots of humor to captivate all kinds of students. Features include: 'Hot Science' highlighting important and interesting new research 'The Real World' highlighting applications of psychological research to real world contexts 'Other Voices' offering excerpts of great writing about psychology and showing how important psychology is to public discussion 'Changing Minds' questions at the end of the chapter that ask students to confront a scenario using information from the chapter. The new edition has been reshaped for the classroom chapter by chapter. Sections in each chapter now have specific Learning Outcomes in place, to emphasize "big picture" concepts and guide student learning. There is also new boxed feature called 'A World of Difference' highlighting important research on diversity and individual differences.

The author of *When Things Fall Apart* reveals the meaning behind 59 Buddhist teachings and how you can use them as touchstones for daily living For centuries Tibetan Buddhists have relied on a collection of 59 pithy teachings—called lojong in Tibetan—to help them develop wisdom and compassion amid the challenges of daily living. In this book, Pema Chödrön introduces these transformative teachings and offers guidance on how to make them part of our everyday lives. Each lojong, or slogan, is followed by Pema Chödrön's accessible and succinct commentary on how to understand and apply it. The lojong teachings include: · "Always maintain only a joyful mind." · "Don't be swayed by external circumstances." · "Don't be so predictable." · "Be grateful to everyone." Inside *Always Maintain a Joyful Mind* readers will also find a link to an online audio program entitled "Opening the Heart." Here, Pema Chödrön offers in-depth instruction on tonglen

meditation—a powerful practice that anyone can undertake to awaken compassion for oneself and others.

This textbook on international business integrates the academic study of international trade and foreign direct investment with the actual strategic and operational decisions of exporters and multinational enterprises. The book merges managerial decision making in the internationally oriented firm with the conceptual tools provided by international economics. It covers issues of central importance to firms that invest overseas: political risk, taxation, and expatriate assignment.

All My Life Springer Science & Business Media

Examines the life of nineteenth-century politician and military leader Dan Sickles, a notorious womanizer and scoundrel who killed his wife's lover and, thanks to the influence of political friends, got away with murder.

W.E.B. Du Bois and the Disciplinary Decadence of Sociology Anchor

In this intellectual history-making volume, multiple award-winning W. E. B. Du Bois scholar Reiland Rabaka offers the first book-length treatment of Du Bois's seminal sociological discourse: from Du Bois as inventor of the sociology of race to Du Bois as the first sociologist of American religion; from Du Bois as a pioneer of urban and rural sociology to Du Bois as innovator of the sociology of gender and inaugurator of intersectional sociology; and, finally, from Du Bois as groundbreaking sociologist of education and critical criminologist to Du Bois as dialectical critic of the disciplinary decadence of sociology and the American academy. *Against Epistemic Apartheid* brings new and intensive archival research into critical dialogue with the watershed work of classical and contemporary, male and female, black and white, national and international sociologists and critical social theorists' Du Bois studies. *Against Epistemic Apartheid* offers an accessible introduction to Du Bois's major contributions to sociology and, therefore, will be of interest to scholars and students not only in sociology, but also African American studies, American studies, cultural studies, critical race studies, gender studies, and postcolonial studies, as well as scholars and students in 'traditional' disciplines such as history, philosophy, political science, economics, education, and religion.

Agenda to Change Our Condition W. W. Norton & Company

"See that moon up there? You can reach that high. Never be afraid because you can be anything

you want to be." Susan Lucci was only five years old when her father shared these encouraging words with her. They inspired the highly imaginative child who loved make-believe to craft one of the most enduring characters in television history, an achievement that would earn her a record twenty-one Emmy nominations—the most for an actor in the award's history—and the crown as "Leading Lady of Daytime." When Lucci and *All My Children* were introduced to the world in 1971, American television changed forever. Susan's character, the beautiful, spirited, and mercurial Erica Kane, was an original—the first vixen viewers loved to hate. But while millions have enjoyed getting to know Erica's many sides—and have been awed at how this character has continually remade herself—the woman who plays her has remained a mystery. In her long-awaited memoir, this very private actress, wife, mother, daughter, grandmother, sister, friend, and entrepreneur pulls back the curtain to reveal her story. Susan, like Erica Kane, has undergone a metamorphosis many times. *All My Life* shares the stories of those transformations: starring in roles on television and stage, where she took Broadway not just by storm but "by tsunami" as one critic raved about her performance in *Annie Get Your Gun*; mounting successful cabaret acts (solo and with Regis Philbin); bringing art and joy back to New York in the wake of 9/11; conquering the tango with Tony Dovolani on ABC's hit show *Dancing with the Stars*; and building a successful career as an entrepreneur with a signature line of products. Susan goes beyond her success to talk about the darker moments, too, including the childhood guilt she harbored over the death of her dear grandmother, the car accident that nearly took away her career and her eyesight, her newborn son's life-threatening illness, coping with her husband's cancer, and the pain of miscarriage—one of the many parallels between her Erica Kane. As charming, down-to-earth, and compelling as the woman whose story it tells, *All My Life* shines a spotlight on one of our most popular stars and reminds us of the power of dreams and how we can find the courage and tenacity to make them come true.

American Cursive Handwriting Harper Collins

Sybille Bedford, an intimate friend of the Huxleys through four decades, re-creates not only the private Huxley and the literary Huxley but the entire intellectual and social era to which he was central. Drawing on his letters and diaries, the memories of his intimates, and her own sharp and sensitive comprehension of Huxley's writings, Mrs. Bedford has written a masterful biography. Huxley becomes a living, deeply attractive presence, while his great contemporaries flash through these pages in memorable and moving encounters.

Psychology

This book is a concise treatise on the path to conscious awareness of our Lord. The Muslim tradition considers this the primary reason for our existence and the means by which we are

ensured continued succor from our Creator. This classic volume elucidates a simple yet effective means to transform our inner world through spiritual struggle with our soul.
