On 13 December 2001, the Indian Parliament was attacked by a few heavily armed men. Eleven years later, we still do not know who was behind the attack, nor the identity of the attackers. Both the Delhi high court and the Supreme Court of India have noted that the police violated legal safeguards, fabricated evidence and extracted false confessions. Yet, on 9 February 2013, one man, Mohammad Afzal Guru, was hanged to 'satisfy' the 'collective conscience' of society. This updated reader brings together essays by lawyers, academics, journalists and writers who have looked closely at the available facts and who have raised serious questions about the investigations and the trial. This new version examines the implications of Mohammad Afzal Guru's hanging and what it says about the Indian government's relationship with Kashmir.

Corruption has speeded so deeply into the systems of governance in India that the common man has lost faith in every administrative process. This wide-spread disease of corruption can only be cured by a total revamp of its political, investigative and prosecuting systems. What we are seeing all around us today is nothing but loot. Loot of very high scale to the extent we can't count the number of zeros. And as this started to unfold with line Commonwealth Games exposure, it got my goat. I started to be a part of a collective voice which became louder by the day. At times very shrill, not by choice, but by compelling circumstances. But all for one common cause -- a well governed India--a better India which makes us all prosperous and our next generation secure. This is the spirit behind this collection. If the corrupt can unite for their

vested interest, why we, the victims, not unite for our own selves? Be the change!

inspirational value. "Leadership & Governance... As I See... by Kiran Bedi Diamond Pocket Books (P) Ltd. I distinctly remember the afternoon of 22 May 2016 when the news on television flashed Dr Kiran Bedi appointed LG of Puducherry. As much as I was delighted that Kiranji, who had been my inspiration since childhood, was going to occupy such an important constitutional post, I had butterflies in my stomach. Butterflies because I had just received a confirmation from her to be at my college for an important event in September and now this posting! I wondered what would happen. Will she still honor the invitation? I sent her a congratulatory message and reminded her about the invitation. She replied saying, "Will keep up my commitment with you. "This was my first personal interaction with Kiranji or "Maam" as I refer to her now. I have been in awe of her work as LG and have been fortunate to be a part of her creative team and even work with her closely. She calls me her "K-pedia" and I call her my forever inspiration and my godmother. True to her leadership style, she

redefined the role of the LG. She defined her purpose of being there to be on a mission to serve people and make Puducherry a "Prosperous Puducherry" . She has remained self-driven and has carved a special place for herself in the constitutional history of our country as an LG who refused to be a rubber stamp, but one who opened the gates of Rajivs to the common people and served them with utmost love and affection. Her kindness spoke through her work and won the hearts of the people. When it comes to kindness as a leadership trait, some people believe that this could be a weakness. But actually kindness strengthens leadership.

What is life like inside Asia's largest prison? What happens when a man is hanged, but his pulse refuses to give up even after two hours? Did Nirbhaya's rapist, Ram Singh, commit suicide or was he murdered? For the first time we have a riveting account from an

insider who has spent close to four decades as an officer at Tihar Jail during some of the most turbulent times in Indian political history. For the first time he breaks his silence about all he's seen - from the first man he met in Tihar, Charles Sobhraj, to the controversies surrounding former CBI head, Alok Verma. Responsible for carrying out 'Black Warrants', Gupta witnessed 14 hangings, the most recent and his last, being that of Afzal Guru. Joining him is award-winning journalist Sunetra Choudhury whose recent book *Behind Bars* is a bestseller and took her deep inside the maze of prisons. Read this book for the most intimate and raw account of India's judicial and criminal justice system.

The Lives of Freda

Prabhat Prakashan
Motivation, persistence and perseverance are the distinct traits of determined and dedicated individuals who can make things happen. It's always possible, even when the task is awesome -- transforming the mindset of human beings. Located in India's capital, New Delhi, Tihar is one of the largest prisons in the world. Within a prison

complex of over 200 acres are housed over 9,700 inmates -- men, women, adolescents, children; Indians and foreigners. They comprise unconvicted alleged offenders, convicts and remandees. Tihar was a limping, languishing institution, condemned by the media, and its inmates were isolated from the community, exploited, used and abused, yet 'housed'. Dr Kiran Bedi was appointed Inspector General of Tihar Prison in 1993. She brought about fundamental changes, giving a human face to the administrative structure and creating an exemplary system covering every possible aspect of prison management. The whole objective was to collectively and individually manage the transition from a moribund system to a responsive and sensitive administration. Hence her efforts unfolded the process of reformation involving prison administration, prisoners and the community, toward one common goal -- Correction through a collective approach. Dr Bedi's account is enhanced by input from the prisoners themselves,

expressing their feelings in letters and sketches, in petitions and poetry. This book is a graphic portrayal of an holistic process of conversion, a metamorphosis from criminality to humanity, achieved within a restrictive legal framework.

Empowering Women... As I See Penguin Books India Biography of Kiran Bedi, first woman Indian Police Officer.

Creating Leadership

Simon and Schuster

'It takes courage to be an empathetic leader. And I think if anything the world needs empathetic leadership now, perhaps more than ever.' Jacinda Ardern Jacinda Ardern was swept to office in 2017 on a wave of popular enthusiasm dubbed 'Jacindamania'. In less than three months, she rose from deputy leader of the opposition to New Zealand's highest office. Her victory seemed heroic. Few in politics would have believed it possible; fewer still would have guessed at her resolve and compassionate leadership, which, in the wake of the horrific Christchurch mosque shootings of March 2019, brought her international acclaim. Since then, her

decisive handling of the COVID-19 pandemic has seen her worldwide standing rise to the point where she is now celebrated as a model leader. In 2020 she won an historic, landslide victory and yet, characteristically, chose to govern in coalition with the Green Party. Jacinda Ardern: Leading with Empathy carefully explores the influences – personal, social, political and emotional – that have shaped Ardern. Peace activist and journalist Supriya Vani and writer Carl A. Harte build their narrative through Vani's exclusive interviews with Ardern, as well as the prime minister's public statements and speeches and the words of those who know her. We visit the places, meet the people and understand the events that propelled the daughter of a small-town Mormon policeman to become a committed social democrat, a passionate Labour Party politician and a modern leader admired for her empathy and courage. *NIRBHAY PRASHASAN* Cambridge University Press

Few lives have been more eventful and controversial than Protima Bedi's, and Timepass, derived from

her unfinished autobiography, journals and her letters to family, friends and lovers, is a startlingly frank and passionate memoir. Protima recounts with unflinching honesty the events that shaped her life: her humiliation as a child at being branded the ugly duckling, repeated rape by a cousin when she was barely ten, the failure of her 'open' marriage with Kabir Bedi, her many sexual encounters, and the romantic relationships she had with prominent politicians and artistes. She writes, too, of her intense involvement with dance, her relationship with her guru and fellow dancers, the difficult mission of establishing Nrityagram, and the suicide of her son--a tragedy from which she never fully recovered. In a moving epilogue to the book, her daughter, Pooja Bedi, describes her last days and the circumstances of her death. Illustrated with over fifty photographs, Timepass is the story of a remarkable woman who had the spirit, the courage and the intelligence to live life entirely on her own terms. I have broken every single rule that our society has so carefully

constructed. doing and never given a damn. I have flaunted my youth, my sex, my intelligence, and I have done it shamelessly. I have loved many, been loved by some...
